Automobile Repairs

Automobile Owners, Garage and Repair Shops should subscribe for the

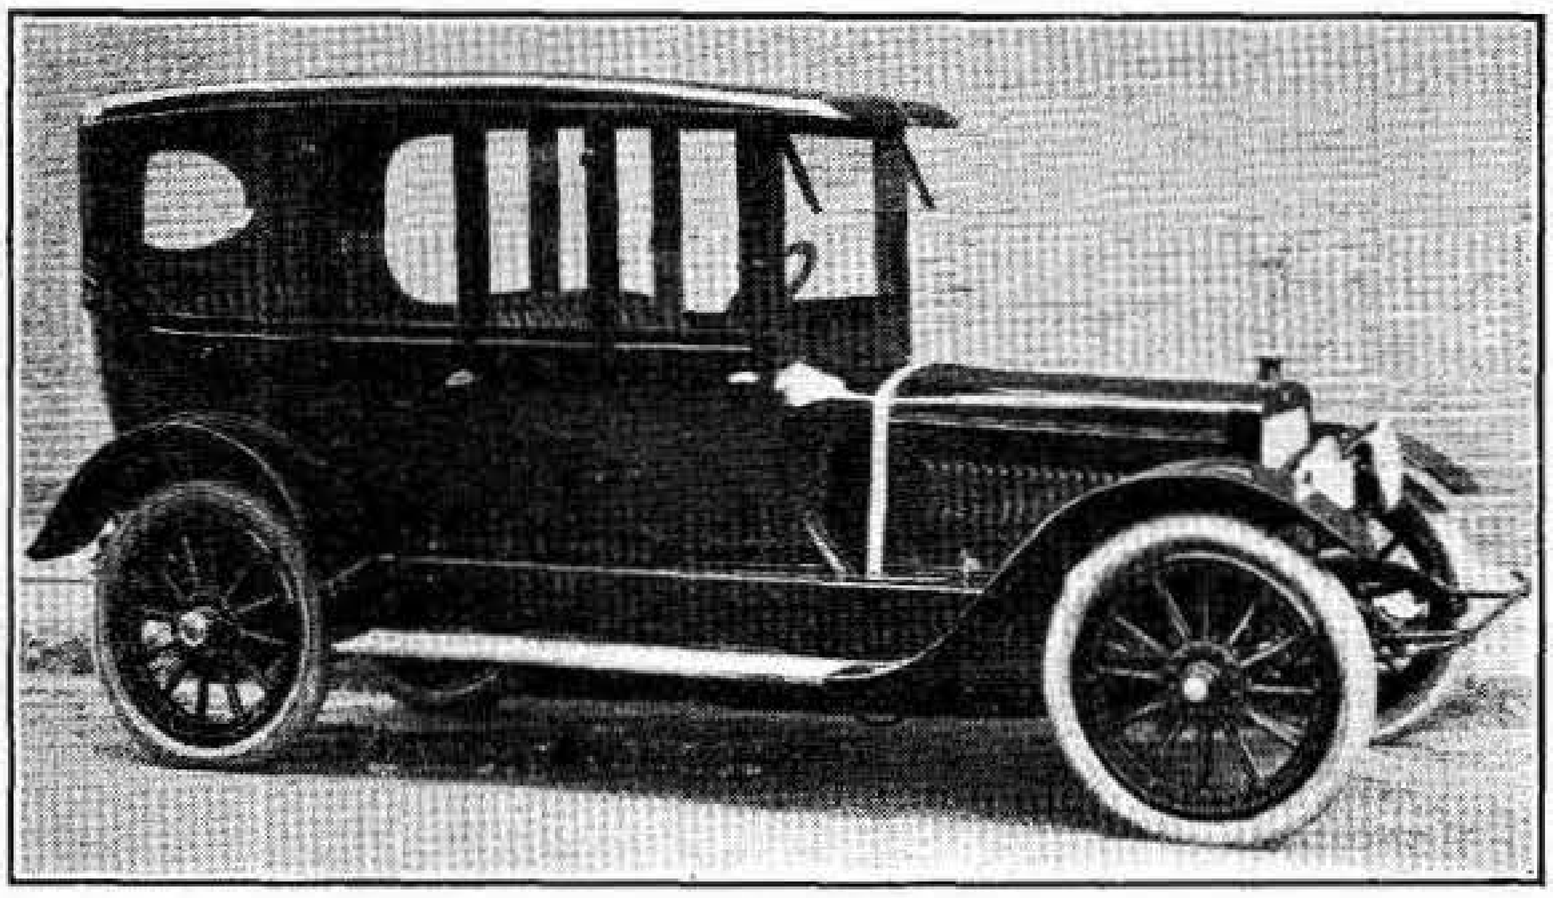
Automobile Dealer and Repairer

The big 100-page illustrated monthly devoted exclusively to the care and repair of the car. It is the only magazine in the world especially devoted to the practical side of motoring. If you own an automobile you don't need to look for trouble. It will look for you and generally find you when you least expect it and when you are least prepared for it. The "Trouble Department" alone with its five pages of numbered questions each month from car owners and repair men, which are answered by experts on gasoline engine repairs, is considered by its thousands of enthusiastic subscribers as worth many times the subscription price, which is $1 per year, or 15 cents per copy. Postal cards will not be answered.

Don't forget that it is not only our magazine that you get for one dollar per year, but the services of our experts in connection with any trouble or difficulty you may encounter in running your car.

Automobile Dealer and Repairer

P. O. Drawer 20 **Hartford, Conn.**



The above cut shows you a Lozier car fitted with one of our limousine convertible tops. You will notice glass in door drops, double swinging wind shield, aluminum roof. In fact, it is a high-grade top in every particular. It can be installed on your car and taken off in about one hour's time, and your summer top put back on.

These tops are being furnished for all high grade cars and save the cost of maintenance of a winter car. We have many of them throughout New England and can refer you to many satisfied customers. If you are interested, call at our factory or write us for information.

Collection Agency

Our Service

Transforms Old Bills Into Cash

¶ While the magician's black art plays no part in our business and we claim no supernatural powers, yet we have accomplished seemingly impossible feats in collection work. This is no vain boast of our own but is representative of the kind words our clients have for our service.

¶ We have an organization of specialists. Our work is so systematized that we secure maximum results with minimum expenditure of time and energy. When you place accounts with us for adjustment, we act as your ambassador and endeavor to secure settlement amicably and without the pressure of legal proceedings unless necessary.

¶ Our remuneration is a fair percentage of the money we collect. We have no membership fees or advance charges of any kind. We take all the risk. You have nothing to lose and everything to gain.

¶ If you grant credit, according to the law of averages, you have ***some*** bad bills. Bad bills, unlike wine, do not improve with age. It is our business to transform bad bills into coin of the realm.

They Judge You by Your Clothes---
Keep Them in Shape

CLOTHES must be given proper care if they are to look well and wear well.

Dust particles and stains unremoved will soon destroy the finest fabric. Well pressed garments create the right impression and give longer service.

Our equipment and knowledge of how to care for men's clothes— so that the original fine lines are preserved—enable us to serve our men patrons satisfactorily. Prices are right. Goods called for and delivered promptly.

THE CITY DIRECTORY is the history of your Commercial Career. Will you write it LARGE or just come in as INFORMATION?

A good advertising medium is an extra salesman for the advertiser, and a powerful one at that.

Pay us the salary you would pay a salesman and let the City Directory represent you where your goods are not selling as they should; in the towns your salesman considers not worth working. Be patient with us and watch for results. Treat us just as you would a real, live, human salesman.

We will carry your argument to people who should buy and use your goods. We will advertise you as you have never been advertised before. We will burn your trade-mark into the minds of thousands of people who can use your product. We will produce results. Perhaps slowly at first, because we are building up the business. But trade will increase as we extend our work.

Would you be interested to hear more about our plan of getting business for you? Then write.

Manufacturing
Department

Enshrinement of LOVE

Mark the spot where your loved ones lie; it is the last act of appreciation you can show the reverence in which they are held. They would do the same for you.

With some it may call for a sacrifice, but the sense of comfort from doing a good act before the world—a silent monument of love and esteem—will repay.

BRECKWOOD

SPRINGFIELD, MASS.

A FINELY DEVELOPED AND WELL LOCATED TRACT OF LAND SOLD ON EASY TERMS WISE RESTRICTIONS

THE original Breck Farm site. The choicest land of Springfield's Eastern Suburbs. Situated at Bay Road and Boston Road, the handsomest portion of State Street east. This is a State Street development and we shall make this part of State Street as handsome in its way for a suburban development as the down-town portion of State Street is handsome as a city center. "The handsomest street in New England," our Street Railway President remarked when looking up State Street from his office windows in the Massachusetts Mutual Building.

Springfield grows at the rate of 5000 per year added to its population. With the pressure of new arrivals at the down-town residence districts there is a constant movement of families from flats and apartments to some choice little home in the suburbs. Breckwood meets the demands for this ideal home life.

At Breckwood our Parsons Avenue lots are 100 ft. frontage by 105 ft. depth on this magnificent 85-ft. Boulevard through magnificent scenery with the Wilbraham Mountain Range in full view.

Our other Avenues 50 feet wide have house lots 50 ft. by 105 ft. with double lots at all corners of cross streets. Twenty-five feet setbacks for all houses on avenues and cross streets. Wide tree belts and handsome granolithic sidewalks.

All the benefits of the Springfield city service, including a modern schoolhouse.

Some handsome houses of stucco style are already built, sold and occupied. More will be built.

Ten minutes' ride by automobile between Court Square and Breckwood by the way of State Street or via Pearl and Bay Streets.

By trolley, fifteen minutes' ride Indian Orchard or Ludlow cars; stopping at Bay Road the short way into Breckwood. Also State Street cars.

Our automobiles are at your service. For prices and terms of house lots call telephone 987 at our Breckwood Office at the land, 381 Boston Road and Parsons Avenue.

DESCRIPTION
OF THE
Attractions, Advantages, and Resources of SPRINGFIELD, MASSACHUSETTS
FURNISHED BY THE
Springfield Board of Trade, Massachusetts

Springfield is the center of a spider's web, with many lines of railroads leading to it. The city is 99 miles from Boston, 136 from New York City, and 103 from Albany, with many prosperous towns and cities lying in between. Many of the people living in these towns and cities patronize Springfield stores so that Springfield, with a population of 105,000, is the trading center for 600,000. Railroads, trolleys, and good highways bring the trade to the city, and the stores and shops are always busy and prosperous.

Springfield—the Magnet City

Springfield is known as "The Magnet City" because of its attraction. It has been compared a great many times to Western cities in its being a live wire, and because of the energy and activity of its wide-awake citizens. One of the finest examples of their loyalty to the city is the Municipal Group which recently has been completed, and which stands as a testimony to the generosity and civic pride of the citizens.

Springfield Is Famous

Springfield is famous as the home of the Springfield Armory, with its great history, both past and present. The Springfield Rifle is known throughout the world. Likewise Springfield has other world-wide known industries, such as the G. & C. Merriam Company, publishers of Webster's Dictionary; Barney & Berry, Inc., manufacturers of the Barney & Berry skates; National Equipment Company, candy machine manufacturers; New England Westinghouse Company, fire arms manufacturers; Hendee Manufacturing Company, Indian Motocycle manufacturers; and Smith & Wesson, manufacturers of revolvers.

Beauty and Attractions of the City

Springfield is known as "The City of Homes," and rightly can claim this title from many other cities described in the same way, for the beautiful parks (589.64 acres) and boulevards in the city, with the stately homes under great trees, are indeed charming. Forest Park, given to the city through the munificence of E. H. Barney and many other generous citizens, with an area of 476 acres, is one of the finest public parks in the country. The drives in and around Springfield are also pleasant.

The History of Springfield

William Pynchon and a band of brave followers founded Springfield in 1636, and on May 14 the town was organized. The early days involved many vicissitudes with the Indians, picturesque incidents, and affairs of marked bravery. In 1647 a large addition was made to the territory of Springfield by the General Court so that the city included Westfield, Suffield, some of Southwick, West Springfield, Holyoke, Agawam, Chicopee, Enfield, Wilbraham, Somers, Ludlow, Longmeadow, and Hampden, but since then these have become independent cities and towns, although all were originally a part of Springfield.

In 1647 the village of Springfield was burned by marauding Indians, but, Phœnix-like, arose.

In 1812 the southern part of Old Hampshire County was named Hampden and Springfield became a shire town. A Court House was erected in the town in 1821. On May 25, 1852, Springfield, with a population of 12,500, was incorporated as a city, and on May 25, 1886, the city celebrated its 250th anniversary; on May 25, 1911, in a delightful manner the 275th anniversary was likewise celebrated. The spirit of ancient and modern Springfield is embodied in the world-famous statue of Deacon Samuel Chapin, by Augustus Saint-Gaudens, which stands at the corner of Chestnut and State streets.

As an Educational Center

Springfield is noted as second to none in the excellence of its public schools. With three High Schools and a great many grade and private schools it maintains a high standard. There are 39 public schools in the city. The International Y. M. C. A. College and the American International College are also located in this city.

Like all New England cities it has many churches—63 in all—and many noteworthy ones among them.

Public Buildings

The principal public buildings in Springfield are the new Municipal Group; the new Public Library; Springfield Art Museum; Museum of National History; Connecticut Valley Historical Society; Springfield Armory; Massachusetts Mutual Life Insurance Company building; Springfield Fire & Marine Insurance Company building; the Law Courts; the Springfield Republican; the three High School buildings; Stearns Building; Hotel Kimball, and the Myrick Building (the headquarters of the Springfield Board of Trade).

Social Advantages

The social advantages are many, as Springfield is a very sociable place. There are various charities in this city which are very active, and the club life is indeed delightful. The Y. M. C. A. and the Y. W. C. A. occupy excellent buildings; the Boys' Club, an institution offering social recreation to over 1000 boys, is splendid for youthful exuberance; the Women's Club; the Nayasset Club, which is one of the leading men's clubs of New England; the newly organized Colony Club, which is to be located in the million dollar residence of the late D. B. Wesson; the Winthrop Club, and the Country Club of Springfield, besides many literary and social clubs, make the city a pleasant place in which to live as well as to work.

Newspapers and Other Publications

The principal newspapers of Springfield are the *Springfield Republican*, with an international reputation; the *Springfield Union*, which is doing much towards the upbuilding of Springfield and western New England; the *Springfield Daily News*, and the *Springfield Homestead*. All of these papers are of a high grade, and the city is fortunate indeed in having them published here.

Transportation Facilities

The transportation facilities of Springfield are very fine indeed. There are 198 trains a day going in and out of the city on the various lines of railroads which enter here.

Springfield Board of Trade

The Springfield Board of Trade is one of the principal commercial organizations of its kind in the United States. It holds a national reputation for excellence. It has over 1,300 members, all of whom are of the city's best citizens. It has paid employees to the number of eight, and, besides the regular Board of Trade department, it maintains a Traffic Bureau for the advancement of all claims, shipments, etc., with the railroads, and a Credit-Reporting and Collection Bureau. It is located in the Myrick Building, where excellent quarters are maintained on the main floor, and where a permanent exhibition of Springfield's manufacturing industries may be seen. Address all inquiries for information to

SECTION 28, COPYRIGHT LAW, IN FORCE JULY 1, 1909.

That any person who willfully and for profit shall infringe any copyright secured by this Act, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

SPRINGFIELD STREET DIRECTORY

The Street Directory gives the location of each street, and shows what other streets, avenues, or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 306, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.
